Appliances	YES	NO
 Are washer and dryer hookups available? 		
• Full size or stackable?		
 Are furnished appliances in good working order? 		
 Are they adequate to meet your needs? 		
• What capacity is the water heater?		
• Does it produce sufficient hot water to accommodate your needs?		
Who is responsible for repairs, you or the landlord?		
Plumbing	YES	NO
• Is water pressure sufficient? (To test, turn on taps in both kitchen and bath at the		
same time.)		
• Does water get hot within a reasonable amount of time?		
• Does the water run rusty?	+	+
 Is there air in the pipes? (rattling or hammering in lines when shut off) 		
Are faucets easy to operate?		
• Do they drip?		
Do sinks drain quickly?		
Do showers have curtains or doors?		
• Do bath and shower areas have tile and grout?		
• Is mildew present?		
• Do toilets flush properly?		
• Are toilet tank seals in order? (Can be checked by putting a few drops of blue food coloring in tank. If blue shows up in bowl, the seal is leaking.)		
Ventilation	YES	NO
 Is there a range hood or wall-mounted fan in the kitchen? 		
• Are there exhaust fans in bathrooms?		
Do windows open and close easily?		
Are screens and storm windows in good condition?		
• Are furnace and air conditioner blower filters clean?		
Does landlord supply replacements?		
• What is the cost?		
		NO
Apartment Home Amenities	YES
